

LUNCH for everyone!

What's behind this initiative?

Every child that attends school or daycare in NRW should be able to eat lunch. However, in reality, not everyone can afford this on a regular basis. The "Meals for all kids" state-wide initiative provides assistance in this regard.

How can I participate?

Low-income families are invited to participate in the initiative. Please note: participants must not be entitled to receive benefits from the "Education and participation package". The "Meals for all kids" initiative also funds multi-day school trips.

Who can I contact to participate?

Do you have any questions regarding the "Meals for all kids" initiative? Would you like to apply to participate?

Please ask your daycare centre or school for more information on how to apply and where to send your application. The daycare and school administrators will be able to provide answers to your questions.
